

2012 EXCELLENCE

**BRAVE HEARTS
BOLD MINDS**

The Scots College
Sydney Australia

“In this model we seek to engender a learning mindset that grows out of curiosity, exploration, wonder, mastery, adventure, courage and conviction in the world.”

Dr Ian PM Lambert

From the **Principal**

The greatest challenge in this world is not so much where we stand in the present; more so, it is the direction we are moving in the future. With our consistent focus at Scots on adventure, curiosity, quest and courage, we seek to foster the creative spirit and creative practice.

2012 proved to be another outstanding year at Scots in all facets of College life. Not only did the class of 2012 produce significantly enhanced academic results, across the College students excelled in a range of pursuits external to the College. We also faced our challenges together as well. A memorable highlight was The Royal Edinburgh Military Tattoo that the Pipes and Drums participated in. Students undertook a gruelling three week program of performances where they performed seven times per week. The exhilarating experience of The Royal Edinburgh Military Tattoo fundamentally taught boys the importance of leadership and perseverance.

2012 was also the inaugural year of The Long Journey Home. It is wonderful to think that these young men spent six months, split across the year, away from home engaged in a unique personal development program in a unique setting. This was a transformational time for them and the 250 kilometre trek home that

both groups achieved was a symbolic and life affirming experience that in turn will cement their friendships and challenge their preconceptions, and positions them well to embrace the opportunities available to them in future years.

In 2012, the Brave Hearts Bold Minds educational philosophy was officially launched. This philosophy details very specific, developmentally relevant stages of learning, where we structure our learning experience around real-life engagement and academic reflection. In this model we seek to engender a learning mindset that grows out of curiosity, exploration, wonder, mastery, adventure, courage and conviction in the world. The quest for knowledge, insight and wisdom is part and parcel of the life of the one who excels. We plan for and desire to see young men who are principled, compassionate and engaged learners striving to maintain a firm grasp of every aspect of their humanity.

At Scots we continue to teach young men the value of learning and achievement, service to others, teamwork, and respect for the individual. We believe that these goals can best be accomplished by exposing students to a wide range of ideas and choices in the context of a rigorous curriculum and activity choices.

We congratulate the high achieving students who have been recognised in this publication and implore all Scots boys to dedicate learning to a range of pursuits – intellectual, spiritual and physical – that will enable them to succeed in and contribute to a complex, changing world.

Scots to the fore!

Dr Ian PM Lambert
Principal

Prep School Excellence

The Rose Bay Early Years Centre classroom.

The Early Years Centre

In 2012 planning was well underway for the new long day care centre in Rose Bay. Catering for three and four year old preschool boys, the centre will be known as The Early Years Centre (EYC). This Centre will be different to the Early Learning Centre in Bellevue Hill.

The Early Years Centre is an exciting endeavour for the College as it aims to provide preschool age boys opportunities to wonder, explore, and express their ideas, thoughts and emotions in countless ways in an environment that maintains warmth and emulates a sense of security and belonging.

Our goal is to equip boys to become successful learners through confidence, creativity and engagement with strong, positive values – all of which are vital as they develop into fine Scots boys. We are committed to supporting their interests, strengths and needs as well as

providing them with challenges and provocations to discover connections within their world.

Inspired by the principles of the Reggio Emilia educational approach, we place great importance in the power of childrens' wonderings, their willingness to try and their strong desire to independently direct their own learning. As educators, we will place ourselves alongside the boys to become their partners in learning, and to witness provocations evolve into new investigations, discoveries and, more importantly, to fuel wonderings and encourage the boys to be brave and go further.

Our task is to foster a sense of belonging through acknowledgement of each boy's uniqueness, recognising their strengths and talents, and celebrating their achievements.

This is an exciting vision of the College Council and Principal and we look forward to welcoming the first EYC fine Scots boys.

The RoboCup Team: Harrison Adkin, Harry Mead, Jonah Soewandito, Alex Muddle and Ryan Lee.

RoboCup Junior 2012

In 2012, a select group of Year 6 students competed in the Soccer Novice League of the RoboCup Junior NSW competition. The team that comprised Harrison Adkin, Harry Mead, Alex Muddle, Ryan Lee and Jonah Soewandito, secured third place in the NSW state competition at the University of New South Wales. The team achieved an impressive 12 goals in their group matches, which was the highest goal score of any team in the Soccer Novice League competition.

Known as the IDK Jarhh team, the boys represented Scots with distinction making it through to the quarter finals of the competition.

NAPLAN Results

In 2012, the National Assessment Program Literacy and Numeracy (NAPLAN) examination results for Scots were well above the national average. While the difference between the national average and the school average remained consistent, there were several highlights including 91 percent of Year 3 boys in the top three strands for Mathematics. Pleasing improvement in spelling, punctuation and grammar highlighted the literacy initiatives in the Preparatory School.

	Scots	National
Literacy		
Year 3	89%	76%
Year 5	72%	60%
Mathematics		
Year 3	91%	65%
Year 5	74%	57%

Jonah after accepting his award from Spelladrome.

Jonah Soewandito – Honour Roll Student

Jonah Soewandito (Year 6) secured 14th place on the honour roll for eight to ten year olds in the World Spelling Day, a competition that has participants from all around the world. Jonah received a special award from Spelladrome for this outstanding achievement. Jonah was also a part of the Year 6 RoboCup team who secured third place in the NSW state competition.

Year 6 Oliver Oayda

Prep School Sport

Max excelling at the IPSHA meet.

Cross Country Excellence

Max Freer was selected as the Captain of Cross Country in the Preparatory School for his commitment and excellence in the field of running. At the House Cross Country Carnival at Queens Park he ran the fastest time in the School as an 11 year old and then continued his excellent form to gain second in (IPSHA) and then fourth in NSW Combined Independent Schools. He narrowly missed a place in the state team to participate in the Nationals. Max was also the recipient of the The Robert Edyvean Memorial Prize for Excellence in Academics, Sport and Conduct.

Hugh McAdam

Robert Zeilic

NSW/ACT Alpine Rising Star Award

Preparatory School Captain of Snowsports, Hugh McAdam, and fellow Prep Snowsports team member, Robert Zeilic were awarded the 2012 NSW/ACT Alpine Rising Star Award based on their outstanding results at the Sydney Division Interschools Snowsports Championships.

Hugh and Robert attended numerous training sessions with the Perisher and Thredbo Race Clubs and subsequently received an invitational entry to the 2012 Blue Cow Cup. This is an outstanding achievement for the Preparatory School students.

Nathan Zylstra in the NSW PSSA Team

In 2012 Nathan Zylstra was a powerful force in the Scots Prep Rugby Program, Nathan was Captain of the Prep School 1st XV and led the team to a very successful season, only losing two matches over the course of an eleven game season. Nathan finished his Scots Prep Rugby career with being awarded the Morgan Shield for the Best Rugby Forward in the Prep School.

Nathan also represented the College in the successful Combined Independent Schools

Under 12 team that once again went on to win the NSW Primary Schools Sports Association (PSSA) championship. Following his standout performances at the PSSA championship, Nathan gained selection in the NSW PSSA team and went to the National Under 12 Championships, coming home with the Trevor Allan Shield as champions of the tournament.

Alex Ibrahim

Tennis Representative – Alex Ibrahim

Alex Ibrahim represented Scots in the 2012 NSW Combined Independent Schools (CIS) Tennis team. Tennis was introduced in the IPSHA competition in the 2011/2012 season and Alex played some outstanding tennis throughout the trials, which resulted in his selection for the CIS team.

The Preparatory School 1sts Tennis team was undefeated throughout the season, under the guidance of Alex as the Captain – an excellent achievement.

Nathan proudly displaying the Trevor Allan Shield.

Senior School Excellence

Year 12 Leavers, 2012.

2012 HSC Results

Analysis has demonstrated that an overwhelming majority of Scots boys have significantly exceeded academic expectations when School Certificate performance is compared to Higher School Certificate (HSC) performance.

In 2012, 177 students completed their Year 12 program with 175 qualifying for university entrance.

One hundred and sixty nine of the HSC papers completed by the students of The Scots College were at 'Band 6' level.

Seventy Scots boys appeared in the Distinguished Achievers listings of those

students with results over 90, many with their name appearing in multiple subject listings.

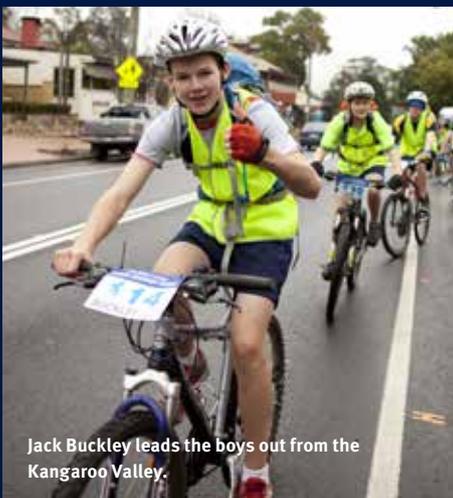

Scots' innovative education programs maximise each student's ATAR and therefore his ability to enter a university should he desire. Seven students achieved an ATAR of 99 or above.

Highlights include:

- One student achieved the maximum ATAR of 99.95.
- 169 Merits: 90% or more in one subject.
- 70 boys appeared in the Distinguished Achievers List.
- French Continuers: 83% achieved the highest band.

- Mathematics Extension 1: 63% achieved the highest band.
- Mathematics Extension 2: 48% achieved the highest band.
- Chemistry: 42% achieved the highest band.
- Music: three boys were nominated for Encore.
- Drama: two projects were selected for inclusion in OnStage.
- Indonesian Extension: Boys achieved second and fifth in the State.

The results are a reflection of the dedication of the Class of 2012. The College is proud of these fine Scots boys.

Jack Buckley leads the boys out from the Kangaroo Valley.

The Long Journey Home

Part of the process of delivering an educational experience that is stamped with the mark of excellence is the ability to reflect, re-evaluate and be willing to explore new ideas in what is already an outstanding program. This is always a collaborative effort and the result of creative leadership and effective teamwork. The idea of a long journey home commenced back in 2008 in a discussion with Dr Lambert of significant ways to conclude the Glengarry experience and the concept of hiking back to Sydney from Kangaroo Valley was identified. We wanted an experience that captured the idea of 'rites of passage', physical challenge, the outdoor environment, pastoral relationships and the idea of going home.

Four years later after a review of the program at Glengarry, a new Outdoor Education team eager to explore new opportunities and with encouragement from Mr Andrew Potter launched The Long Journey Home with Intake 1 of 2012. As result of thorough planning by Mr David Johnson and the Outdoor Education team the journey was a huge success, enjoyed by both staff and students alike. We repeated the exercise with Intake 2 and it has now been established as a permanent fixture in the Glengarry program and will conclude the journey for each intake of boys.

Senior School Excellence

2012 Prefects: Jonathan Mbakwe, David Horwitz, Alexander Mann and Henry Hamilton.

2012 HSC – High Achievers

In 2012, seven Scots boys achieved the Premier's Awards for All-round Excellence in the NSW Higher School Certificate (HSC) for attaining marks of 90 and above in at least ten units.

David Zhang – 99.95
 English Advanced
 English Extension 1
 Mathematics
 Extension 1
 Mathematics
 Extension 2
 Ancient History
 Christian Studies
 Orchestra
 Physics

David Zhang's academic excellence is matched with humility and a generous spirit. He set new standards for academic achievement at the College including being third in the State in Chemistry, after taking the exam in Year 11. He achieved a maximum ATAR of 99.95 and was Dux of the College in 2012. David enjoys an academic challenge and he consistently rose to these with his methodical and meticulous nature. While David set a wonderful academic example to his peers, it is his wonderful personal qualities that will be remembered by those at Scots.

George Harper – 99.9
 English Advanced

 Pipes and Drums

As Pipe Major, George has shown determination, commitment and empathy in leading the Band and working with the boys. This can also be said in his work as Prefect and mentoring many of the younger boys. George has been a member of the 1sts Debating Team and was Captain of 1sts Rifle Shooting. The dedication and pursuit for excellence he shows in all that he does sets a fine example for other students to follow. We wish George well as he looks to study Commerce Law at The University of Sydney.

Darwin Ni – 99.65

 Orchestra

Darwin Ni is a talented young man who has consistently given freely of his time and talents to support both the College and his peers. Darwin is a considered and capable student who brought self-discipline and creativity to his studies. He was part of The Scots College String Quartet and received Honours in the Australian Music Examination Board (AMEB) Sixth Grade Theory of Music examination. Darwin was also nominated for Encore, the annual presentation of the best music performances from the HSC, for Piano (Music Course 2 and Extension).

Major Zhang – 99.45
 English Advanced
 Mathematics
 Extension 1
 Mathematics
 Extension 2
 Christian Studies
 Economics
 Orchestra
 Physics

Major embraced learning with enthusiasm and diligence. An outstanding scholar, Major received awards throughout his time at Scots so it is no surprise that he excelled at the HSC. Major balanced his academic program with a solid contribution to co-curricular activities. His interest particularly focused on the orchestra as first violinist in the College Orchestra and String Ensemble, and in addition he was Music Leader of the Scholars' Ensemble. Major received his College Colours for Music in 2011 activity. He is also a very gifted piano player, attaining an Associate Diploma in Music Australia (AMuSA) in Piano in 2010.

Haoran Li – 99.25

 Economics
 Indonesian Continuers

Samuel is a most impressive, articulate and courteous young man who exudes great warmth and care for others. He possesses great integrity and strength of character. Samuel was a Peer Support Leader, helping the Year 7 students to settle into life in the Senior School. Samuel's mature and diligent nature has enabled him to excel in his time at the College. Samuel has performed particularly well in the Indonesian Continuers course in which he obtained second place in the State.

“We are all measured by what sort of people we have become. At The Scots College, we strive to foster leadership, character and spirit, through experiences of excellence that will define the brave hearts and bold minds in every Scots boy.”

Dr Ian PM Lambert

Staffing Excellence

Dr Tom Cerni presenting in Bangkok.

Dr Tom Cerni Presents Research Paper in Thailand

Dr Tom Cerni presented his latest research paper entitled *Information-Processing and Leadership: An introductory review of the cognitive leadership model* at the International Conference on Management, Leadership and Governance, hosted by the Institute of Knowledge and Innovation Southeast Asia (IKI-SEA) of Bangkok University, in Bangkok, Thailand.

Dr Cerni's presentation supplied empirical evidence that supports the idea that how leaders think can have a positive influence on their leadership styles, ability to resolve conflict in the workplace and achieving organisational outcomes.

The Conference provided a valuable opportunity to represent Scots at an international conference and learn about the conceptual advances in many different branches of management, leadership and governance.

Dr Cerni has also had research published in the *International Journal of Conflict Management* and was appointed an Honorary Associate to pursue research and academic activities in the Faculty of Education and Social Work, The University of Sydney.

Teacher's Certificate of Excellence Award

Each year the New South Wales Teacher's Guild Annual Dinner is held to recognise and award teachers in various categories. In 2012, Mr Thomas Cameron was a finalist in the Early Career Education sector and received a Certificate of Excellence Award (Secondary Teacher Division).

Mr Cameron is the Assistant Head of Science and the Duke of Edinburgh Coordinator.

Teachers Selected to Present at IBSC Conference

At the International Boys' Schools Coalition (IBSC) annual conference in Richmond, Virginia, USA the leading boys' schools from around the world will be celebrating those things about boys that remain constant: their loyalty and devotion to one another, their energy and spirit, and their capacity to give of themselves.

Five members of The Scots College staff have been invited to speak at the conference. Dr Lambert and Mr Peter Moulds have been invited to present a mastery workshop on Mapping the Quest: Using an engaging and visual method for aligning the hopes and actions of boys, parents and staff. Mr John Crerar and Mr Mike Pitman have been invited to present an INSPIRE session

Mr Steven Adams and Mr Duncan Kendall with their awards from NGS Super.

NGS Super Scholarship Awards

Mr Duncan Kendall, Assistant Head of the Preparatory School, and Steven Adams, Director of Property and Works, were recognised in the NGS Super Scholarship Awards for their proposals to enhance education and the College through action research or field studies.

Improving emotional intelligence and reducing energy consumption are what the two members of staff spoke about, respectively, as ways to enhance education.

Mr Kendall and Mr Adams were commended by judges on their desire to contribute to and improve their work environment, enthusiasm for education, learning and personal growth and desire to contribute to improving Australian non-government education.

on *A Fine Scots Boy! Building a School Culture upon a Positive Behaviour Plan*, and Dr Tom Cerni has been invited to present an INSPIRE session on Holistic Health Care and Leadership Development: an Introductory Review of the Institute of Student Development and Leadership Research.

1sts Debating Team – HSC Top All-Rounders

George Harper, William Khun and David Zhang.

The 2012 1sts Debating team has excelled in the Higher School Certificate (HSC). The entire team, George Harper, William Khun and David Zhang, made it to the HSC All-round Achievers List.

Debating takes an inquiring mind, a disciplined intellect, a willingness to expand one's horizons, and much dedication. George, William and David all displayed a superb ability and conviction to research, analyse, structure and respond creatively to arguments, and to present them in a compelling way.

Haoran Li

Henry Hamilton

Excellence in Chemistry

In 2012, Chemistry continued to be a subject in which Scots achieved excellence. In the National Chemistry Quiz, 11 students were awarded High Distinctions. Of those students, 20 percent sitting the Quiz from Year 11 and 12 were placed in the top 10 percent of the State. This strong performance was built upon in the Higher School Certificate examinations with 28 percent of Chemistry students at Scots achieving Band 6.

Chemistry Quiz High Distinction Recipients

Year 11

Matthew Boustred
Mark Butorac
Lachlan Ellison
Michael Hughson
Campbell McLauchlan

Year 12

Henry Hamilton
John Keane
William Khun
Haoran Li
Si Hon Wong
Kevin Zhang

Mathematics High Achievers

Scots continued to strive in the field of Mathematics in 2012 with the following outstanding achievements:

Mathematics Challenge Distinctions

Year 7

Max Bonic
Gabe Clews
Connor Karozis
Young Kim

Year 8

Thomas Cattana
William Chen
James Lockhart
Joshua Stevens

Australian Mathematics Competition

Prize: Denny Chen
High Distinction: Sebastian Spillane
51 Distinctions
106 Credits

International Competitions and Assessments for Schools (ICAS)

11 High Distinctions
46 Distinctions

High Distinctions

Christopher Arms (Year 7)
Cameron Elphick (Year 7)
Charles Whatmore (Year 7)
David Chong (Year 8)
Ian Xing (Year 8)
Eric Qian (Year 9)
Ramon Xu (Year 10)
Harrison Denman (Year 11)
Andy Lin (Year 11)
Ben Porter (Year 11)
Major Zhang (Year 12)

UNSW Engineering Challenge

Winners: Saxon Brown, Andy Lin, Ben Porter, Jeffery Wong

Outstanding English and LOTE HSC Results

The class of 2012 excelled particularly in the English and Language Other Than English (LOTE) Department. In the English Advanced course 14 students attained a Band 6 while nine students in Extension 1 English or Extension 2 English achieved marks in the highest band.

Scots also achieved remarkable results in Language courses. In Indonesian, Samuel Sunito was awarded second in the State and David Horwitz was awarded fifth in the State. Meanwhile, five students received Band six marks in French Continuers.

Indigenous Education Program University Undergraduates

Kyol Blakeney ('11) on his educational journey after Scots.

The traditional focus of Indigenous programs at many schools has been to have students finish Year 12. At Scots, we have much higher expectations for our Indigenous boys. We encourage them, right from the start, to pursue a tertiary education which will open doors to a fruitful and rewarding professional career.

Of the five boys who have left Scots in the last two years, three have progressed to university: Kyol Blakeney ('11) is at Sydney University studying a Bachelor of Primary Education. Jesse Wright ('12) is at the University of Technology, Sydney (UTS) studying a Bachelor of Business/Bachelor of Arts in International Studies. Ziggy Fatnowna ('12) is at UTS studying a Bachelor of Communications in Sound and Music Design/ Bachelor of Arts in International Studies.

HSC Nominations for Creative Arts

Mitchell Shaw's Design and Technology major design project was selected for inclusion in the annual designTECH exhibition at the Powerhouse Museum. The rowing simulator allows young rowers to row in a controlled environment, where communication is clear and a sense of safety assists in learning. Mackenzie Baker also received a designTECH nomination for his surfboard-locking device, which enables surfers to lock their surfboard to almost anything.

In Drama, Vinay Matta and Konrad Brennan had their individual projects both selected for inclusion in OnSTAGE at the Seymour Centre. Vinay's performance of President Nixon's would-be assassin Sam Byck, from the musical *Assassins*, incorporated visual and emotional elements that combined with highly theatrical staging to powerful effect. Konrad's promotion design articulated a clever and contemporary vision for an imagined production of Ionesco's absurdist play, *Rhinoceros*. Tom McGowen also received an OnSTAGE nomination for his individual performance, *Speaking in Tongues*.

Mitchell Keogh's Visual Arts body of work, *Paradise Lost*, was nominated for the ArtExpress – an annual exhibition of exemplary artworks created by students for the Higher School Certificate (HSC) examination. *Paradise Lost* is a mixed media work focusing on waste and rubbish in contemporary society.

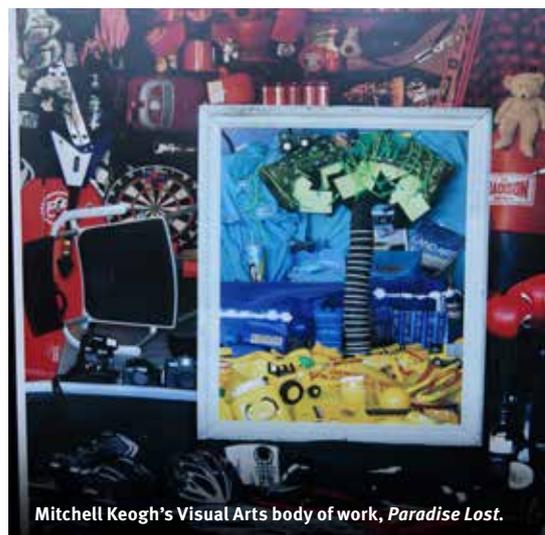

Darwin Ni received an Encore nomination for his performances in Music 2 and Music extension. Thomas Cardy and Angus Rees were nominated for their performances in Music 1. Encore is an annual concert of outstanding performances and compositions by students from the HSC Music examinations, held at the Sydney Opera House.

Mitchell Shaw's Rowing simulator.

Angus Rees' Year 12 Music 1 performance.

Mitchell Keogh's Visual Arts body of work, *Paradise Lost*.

Vinay Matta performing in *Assassins*.

Sporting Excellence

Sporting Success Highlights

When leading a sports department that is continuously striving for improvement, it is great to take the time to reflect on Scots' success in 2012.

The Basketball Program was again outstanding, winning the 1st and 2nd GPS Premierships as well as a number of individual accolades. The 1sts team embodied brave hearts in the pursuit for excellence when they were faced with a number of fiercely competitive games. In two games they were down one point, only to persevere and claim the win in both instances.

Scots 1st XV played a sparking brand of rugby, scoring 290 points which was 80 points ahead of all other schools. The team finished the season in second place for the second year in a row. However, the team finished the season off magnificently with a record 71-19 win against The King's School.

In Rowing the 1st VI held aloft the Yaralla Cup and the 1st VIII finished second.

The Snowsports team again won the National title. Consistent performance is the measure

of success of any program and Snowsports provides a great example of this.

The Cross Country team finished the AAGPS (Athletic Association of the Great Public Schools) competition in second place. Scots individual achievements included the attainment of the bronze medal in the Open Boys and Junior divisions. The overall achievements of the squad are outstanding considering they were comparatively quite young in the competition.

NSW Cricket Representatives

The Scots College Cricket Program has been able to provide the coaching and guidance to assist athletes in preparing for crucial contests that test the physical and mental abilities of a boy. A number of Scots boys were selected for the Cricket NSW Academy Squads 2012/2013 season, in their pursuit for excellence:

NSW Under 19s Academy Squad

Jameson Coutts
Tom Skelly

NSW Under 16s Academy Squad

Henry Thornton

NSW Under 15s Academy Squad

Nicholas Crowley
William Lawrence
Oliver Mills
William Simpson

NSW Under 14s Academy Squad

Max Patterson
William Todd

NSW Under 13s Academy Squad

Zac Hersov

Junior Basketball – Pathway to Success

The College Basketball Program's Junior Development Pathway is now enjoying the success of the foundations established over the past three years. Throughout the 2011/2012 season the Program won over 70 percent of fixtures across 37 teams, with the Under 13, 14 and 15 teams winning over 80 percent of their fixtures.

Specific academy programs, Drop In Skills Sessions, the development of Fairfax courts, and the recruitment of experienced coaching staff have added significant value to the overall enjoyment, participation and drive of the Program.

Outstanding Sportsmen in 2012

Over the last number of years our sport programs have improved across the College. One measure of this improvement is the number of students who are achieving national recognition.

In Basketball, Gerald Martin and Jonathan Mbakwe made the Australian Under 17 team, Darcy Emery the Australian Schoolboys team and Isaac Humphries the Australian Under 16 team.

In Cricket, Tom Skelly was named in the Australian Under 17 merit side. Tom Freeman and Josh Hayes from the Senior Water Polo team were selected for the Australian Born '96 squad. The Rugby squad had three Australian schoolboys, Head Boy David Horwitz, Andrew Kellaway and Jim Stewart.

Scots Australian Interschool Snowsports Championship winning team was led by the boys who were chosen for National selection: Daniel Walker in the Junior Biathlon and Lee Garner in Skiercross.

Co-Curricular Excellence

Pipes and Drums at Edinburgh.

Max Boddington

Pipes and Drums Performing in the World

Pipes and Drums in 2012 was a successful year. The boys took part in a number of competitions including the Australian Championships, in which the Scots Pipes and Drums came second, State Championships, and the World Championships in Scotland.

The main event for the year was The Royal Edinburgh Military Tattoo in Scotland. This gave the boys the opportunity to perform with people from all around the world, and mix and interact with people their own age, and with many adults, groups and bands. They were part of 28 performances over a four week period. Boys were required to play with precision as performances were watched by an estimated 80 million people worldwide.

An Excellent Film Maker – Max Boddington

Max Boddington’s film making accolades to date are outstanding. Max’s film, *I’ll be Home Soon*, won the Robin Anderson Awards Best Junior Fiction Prize at the Dendy Cinema in Circular Quay.

Max also won the best junior film award at the Woollahra Council Youth Photographic Award and Short Film Prize.

Max and his brother Robert’s (’10) film, *Tuck Your Shirt in Amigo*, topped the bill of Just for Youth films at the Dungog Film Festival and recently received personal commendation from the Chair of the Purbeck Film Festival in the UK. The film was also the live action runner up at the Screen It! competition held by the Australian Centre for the Moving Image.

Emerging Artists – Edward Huang and Darwin Ni

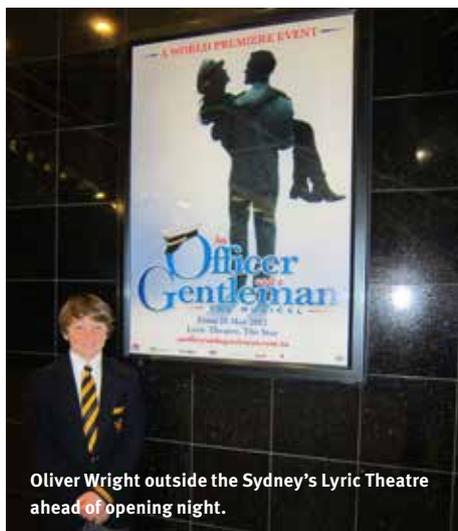

Two elective Music students, Darwin Ni (Year 12) and Edward Huang (Year 11) were selected to perform at Theme and Variations, Emerging Artists Series in June and December 2012. Both students presented a rich program of pieces from Carl Vine to Ernst von Dohnanyi.

The adjudicator, Professor Michael Brimer, made mention of Edward’s performances of Debussy’s *Hommage à Rameau* as “Absolutely beautiful and the control in his tone colour is quite exquisite.”

Best Newcomer Award – Joseph Kelly

Joseph Kelly (Year 7) was proclaimed a joint winner of the Best Newcomer award for his role in the acclaimed Belvoir production of *Medea*, a modern adaptation of the Greek tragedy. To receive a Sydney Theatre Award in his first professional performance is nothing short of amazing. Joseph described his experience of the production as “the most fun I’ve ever had.”

Medea won three other awards: Best Mainstage Production, Best Direction of a Mainstage Production and Best Actress in a Leading Role in a Mainstage Production.

Oliver Wright outside the Sydney’s Lyric Theatre ahead of opening night.

Outstanding Performance – Oliver Wright

Oliver Wright played the role of young Zack Mayo in the world premiere of *An Officer and a Gentleman* at the Sydney Lyric Theatre. This role marked Oliver’s professional debut and involved acting with an American accent, a fight scene and singing a solo. The show ran for eight weeks and Oliver performed four performances per week.

Oliver is also an enthusiastic member of the College choir.

AMEB Practical Examination Results

Preparatory School students had outstanding Australian Music Examinations Board (AMEB) results in 2012, especially in Speech and Drama, Communication Skills, Strings and Brass. AMEB examinations are based on syllabi designed by leading scholars and performers, regularly updated to ensure that they reflect an appropriate range of performance skills and the latest musicological research.

In the Senior School, Austin Irwin was awarded a High Distinction for his Grade 7 exam on the cello and Denny Chen attained a High Distinction for the Certificate of Performance on the piano. Captain of Music, Edward Huang, passed his Licentiate Diploma on the piano, which is a wonderful achievement for a boy of his age.

Name	Year	Instrument	Grade	Result
Brass				
Timothy Collins	5GB	Trombone	1	High Distinction
Magnus Lahra	2LS	Trumpet	1	High Distinction
Harry Braithwaite	5GB	Trumpet	3	Honours
Kent Leong	4TB	Trumpet	1	Honours
