

The Scots College

HSC and Senior School Achievements 2020

The Scots College
Sydney Australia

Our 2020 HSC Achievers

“ I am exceptionally proud of the excellent results from our boys this year.

Dear College Community

It is wonderful to be able to reflect upon what was quite a turbulent year and be able to celebrate the achievements of our Class of 2020. I am pleased to be presenting our HSC results highlights package for 2020. It has been a challenging yet inspiring year for our boys with great achievements across the board.

In summary, the boys have performed incredibly well; despite the uncertainty they are a credit to themselves, their parents and the College. Of course, true success is not only measured by marks, things or status. True success is concerned with the kind of person one becomes and the positive impact one makes in the world.

As a College community, we should be very proud of our focus on striving for excellence in all Academic, Co-Curricular and Sport programs. I trust this highlights package will provide you with an appropriate measure of our success in all domains.

These achievements would not be possible without the hard work, dedication and support of our staff, parents and broader community. Most importantly this would not be possible without the effort, teamwork and determination of the 2020 Year 12 cohort.

Please join me in congratulating and thanking the boys for striving for excellence and making The Scots College community proud. I look forward to following the boys' progress as they move into the next phase of their journey.

At The Scots College, we emphasise the Quest for Excellence and Excellence Through Teams. There are many boys whose names and images do not appear in this publication who have achieved personal and team excellence by serving in the Chapel choir, playing in a 4ths sporting team, achieving a rank in Cadets or working very diligently to get their best ATAR or Applied Entrepreneurship Program course pass. You are all part of this story of excellence. Being a team player is your greatest achievement and individual successes are our collective successes. You are all fine Scots boys!

Scots to the fore!

Dr Ian PM Lambert
Principal

2020 Sydney Eisteddfod
People's Choice Award – Finalist

“Year 12 2020 certainly proved their resilience and commitment as well as their flexibility and creativity in responding to such a unique year.

Outstanding Pathways

Ethan Eshuys

A Humble, Talented and Outright Amazing All-rounder

Ethan is a mature young man who has worked hard to develop his many amazing talents. His unique journey at Scots started in Kindergarten and over time he has developed a great sense of self and a kind and empathetic nature. He is highly respected by his peers in Gilchrist House and in his year group.

Ethan shared his story at the Year 12 Chapel and Final Assembly of how he overcame his shyness and built his confidence to sing in front of his peers and College community. His singing at Speech Day, Assemblies and Chapel has amazed and enthralled the College community and yet he conducts himself with great humility. Ethan was a member of the Athletic Association of the Great Public Schools premiership winning Scots 1sts Basketball team in 2020 and was also Vice-Captain of the 1st XI Football. Ethan was awarded the prestigious Honour Cap at Speech Day in 2020. Ethan's goals are to continue writing, develop his own songs with his band and pursue a career in Music or the Arts at the University of New South Wales.

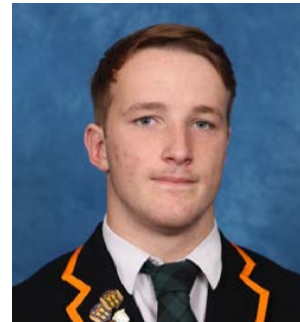

Cassidy Stratton

High Distinction in the Young Scientist Awards

Cassidy commenced his time at The Scots College in 2015 as the youngest of three brothers. As a boarding student from a mixed farming operation in Coonamble in New South Wales, his love and understanding of animals and farming practice informed his subject selections for Years 11 and 12.

Design and Technology was one of Cassidy's favourite subjects throughout his time at Scots. His major work, a hydraulic fence post driver was nominated for the Shape exhibition of HSC works. Of particular note was Cassidy's High Distinction award in the Young Scientist Awards for 2020 in the Innovations and Engineering Design category.

Cassidy's hard work ethic and kind-hearted nature also earned him College prizes in Agriculture and Earth and Environmental Science, which will support him in his ambition to study Animal or Veterinary Science at Charles Sturt University in 2021.

Nicholas Wiggan

A Budding Career in Real Estate

Nicholas is a graduate of the 2020 Applied Entrepreneurship Program at the College. He chose to undertake this HSC pathway so he could develop his future focused, work relevant skills, as well as his knowledge and experience.

Nicholas' discipline, drive and tenacity on the sporting field quickly translated into success in his chosen field of real estate. Taking up placement at McGrath in Coogee in late 2019, Nicholas established himself as an indispensable part of the team, working closely with agent Mr Charlie Stevens to better understand the Eastern Suburbs property market. By mid 2020, Nicholas had completed his real estate licence outside of his studies in school, and subsequently listed and sold his first property the Saturday after graduating from Scots!

The College community is immensely proud of Nicholas for the way he has approached his life, both at and beyond the College. He is an outstanding Scots student who has shaped and embodied his own quest for excellence.

From the Staff

The Class of 2020 looked to shift the bar of academic achievement, through an authentic and determined desire to collaborate and share each other's successes and challenges. The care they took of each other was inspirational and will serve them well as they discover the world beyond Scots.

Mr James Bowles

Head of Students (7-12)

Our 2020 Year 12 boarding cohort will be remembered for the exceptional way they supported staff, each other, but more importantly led our younger students through a time of great uncertainty. Congratulations in particular must go to Head Boarder Prefect, Benjamin Coe (Fairfax) and his team of House Captains; Angus Aitken (Kirkland), Tom Browning (Fairfax), Jasper Cobcroft (Aspinall) and Nicholas Wiggan (Royle), for the calm and positive way they have approached all aspects of the 'new normal' at Scots. Each boarding graduate can look back on their time with a great deal of pride and a worthy sense of achievement. They go with our very best wishes.

Mr Kevin Brennan

Director of Boarding and Assistant Head of Senior School

Congratulations and thank you to our graduating Year 12 students! They have been an outstanding group of boys and leave a great legacy in how they have led and served in their final year. The year 2020 was full of unprecedented challenges, but this group was able to continually rise above them. Congratulations to the boys who won the first Head of the River in 41 years, to the boys who won Premierships in Basketball, Cricket and Water Polo, and to all boys in their respective sports who were part of this culture of success. Also, congratulations to the boys who have been leaders in their chosen Co-Curricular Activities. Watching the outstanding performances at Speech Day clearly showed the resilience of the boys in these programs. To the Class of 2020, I wish you all the best in your future endeavours and hope to see many of you involved in coaching and tutoring at the College in the future.

Mr Graham Pattison

Director of Sport and Co-Curricular Activities

The Class of 2020 have been without doubt the most resilient, dependable, loyal, forgiving, dynamic and fun Year 12 cohort I have had the pleasure of both teaching and mentoring. They refused to be defined by circumstances and will leave a legacy that others will find hard to match in terms of one of the College's core values 'Leadership Through Teams'. They were a team, a unit of young men, a band of brothers, who embraced every hurdle as an opportunity, who saw challenge as part of the journey and never faltered. I will remember them fondly as an inspiration to future generations.

Mr Andrew Potter

Head of Senior School

On many occasions the Class of 2020 demonstrated that no matter what obstacles were placed before them, if one was determined, one will prevail. Despite all co-curricular, extracurricular and sporting activities that were required to take a back seat this year, the young men of 2020 continued to strive for academic excellence. This was showcased in their internal assessment as well as the numerous nominations awarded for boys' performance and major projects across Drama, Design and Technology, Music and Visual Arts. Congratulations to a very successful cohort.

Ms Andrea van den Bol

Head of Curriculum (7-12)

Year 12 2020 certainly proved their resilience and commitment as well as their flexibility and creativity in responding to such a unique year. These boys were determined to succeed and approached the ever-changing context of their final year at the College with a team-based mentality that inspired collaboration and community across the College. Our graduates of 2020 should reflect on their Year 12 experience with pride, not just in their tangible achievements, but also in the way they led and served the greater student body this year.

Mr Paul Vickers

Director of Music and Director of College Improvement

“ They were a team, a unit of young men, a band of brothers, who embraced every hurdle as an opportunity ...

The Quest for Excellence

i.C.A.R.E

In 2020, we had an exponential increase in the number of academic achievements across Years 7 to 12, providing proof that Scots boys can and will continue to succeed in their academic pursuits despite any obstacle or difficulty placed in their path.

We had the highest number of ARTEXPRESS (Visual Arts), ENCORE (Music), OnSTAGE (Drama) and Shape (Design and Technology) nominations than any year prior for our Year 12 students' major works or performances. We had the highest number of High Distinction and Distinctions for the Science Olympiad than ever before, and the highest number of students sitting those exams.

For the first time we had boys sit the National Latin Exam and had several boys awarded at the highest level. As per usual, we had enormous success with Mathematics students in the Australian Mathematics Competition. Several Mathematics students were awarded highest standardised test results and William Liu (Year 9) and Edwin She (Year 11) were invited to attend the Australian Mathematical Olympiad Committee's School of Excellence in 2021.

In Learning Enrichment, over 50 students from Years 7 to 10 completed their Honours Capstone Project, with five boys awarded a Renaissance Man badge for projects spanning over multiple key disciplinary areas.

It has been an extremely pleasing academic year with boys' effort grades increasing overall, which has led to an improvement in students' Grade Point Average.

Congratulations to all the academic achievers for 2020.

Ms Andrea van den Bol

Head of Curriculum (7-12)

Teaching Excellence

At the founding of The Scots College in 1893, the moderator of the Presbyterian Church described its teachers as those who had won the highest honours in university, knew how to teach Australian boys, and saw their vocation as "a work of faith, a labour of love and a patience of hope".

Amidst all the challenges of 2020, teachers at the College continued in that spirit to advance our calling to a "higher learning for the common weal". Through a range of applied professional learning programs and courses of study, they have been developing the technical skills of the classroom and the deeper elements of expertise: vocational clarity, philosophical depth and entrepreneurial thinking. Of particular significance was the innovative work of all teachers in over 30 Teaching for Character teams. The work was focused around redesigning boys' learning to promote the Brave Hearts Bold Minds educational philosophy and graduate attributes of the Quest for Excellence through adventure, curiosity, creativity and growth.
